

Summer Internship Programme 2023

Title: Summer Intern
Department: Equity Research
Location: London, EC4M 5AB
Duration: 10 Weeks

We've been helping clients plan and invest for their futures for over 50 years. From more than 25 locations around the world, we provide investment services and retirement expertise to everyone from central banks to private individuals.

We're known for acting with integrity and thinking for the long-term. And across our organisation, we foster a welcoming, caring and inclusive culture where people feel respected, trusted and able to be themselves.

The Team you'll join:

The equity research department – 125 global equity analysts and an additional 90 Research Specialists based across India and China, provide analysis on companies, stocks and sectors, working closely with fund managers to select stocks for their portfolios.

What you'll be doing:

We don't expect you to come straight in and know everything about what we do.

As an intern, and whatever you're studying, we'll help make sure you get the most out of your time with us. Fidelity is a fantastic place to learn, innovate and grow. There are expert colleagues around the world to learn from and share ideas with.

On our 10-week programme, our interns will work as part of our regional research teams on four assigned projects. These would involve analysing a stock in a particular sector or industry. The interns will present the findings and provide investment recommendations to our Portfolio Managers and Analysts. A graduate offer will be extended if you complete the internship successfully and you can start the full-time job upon graduation.

The difference you'll make:

You'll contribute to positive, meaningful work that make a difference to our clients. You'll help them invest and plan for the futures they want. You'll provide invaluable support to your team, too.

How you'll be supported:

You'll start with a welcome and an orientation, where you'll meet your fellow interns and find out all about us and our work. Once the programme begins, you'll learn every day – from the experts around you and through tackling real projects. Our focus will be on supporting you to gain experience and discover what kind of future you could build in our industry.

Support is part of our culture, so you'll have a buddy and a mentor to help you whenever you need. And you'll join a close-knit early careers community, with plenty of social and networking events to help you find your feet and feel at home.

What we look for:

It's who you are that matters here, rather than what you studied.

We look for interns who are analytical, eager to learn and ready to take on a challenge. A genuine curiosity and eagerness to learn about investment is vital, as is a lively interest in our work and our industry. Creative thinking and attention to detail are important too.

And, as we're an international organisation, we'll need you to speak English.

We'll also need you to:

- be graduating in 2024 (Bachelor's or Master's degree)
- have the right to work in the UK at point of application. If you are currently on a Tier 4 / Student Visa, this means you have the right to work in the UK

Our clients come from all walks of life and so do we. We are proud of our inclusive culture and encourage applications from the widest mix of talent, whatever your age, gender, ethnicity, sexual orientation, gender identity, social background and more.

How to Apply

Feeling inspired to start your journey with us? Then take your first step by applying at: careers.fidelityinternational.com

This programme is open to students in the penultimate year of undergraduate or master's programme (Class of 2024 preferred).

Our application window closes on **Sunday, 6th November 2022 at 11:55pm BST.**

Please note that there are two online assessments which you'll need to complete by the time the window closes. They both take around 40 minutes to complete, so make sure you give yourself plenty of time.

All assessment centres will take place November/December.

As part of our commitment to inclusion, we are a disability-friendly company. As such, we would welcome a conversation with you if you feel you might benefit from any reasonable adjustments to perform to the best of your ability during the recruitment process and beyond.

For any enquiries regarding your application, you can reach us at earlycareersatfidelity@fi.com.
